Annex 6. List of Subject areas / Academic disciplines for Curriculum reform projects for Tempus IV sixth call for proposals

* Please note that the academic disciplines that should be identified as priority subject area for the Curriculum Reform projects in your country correspond to the main headers (introduced by a tik box). Please try to restrict the choice to a limited number of priorities in order to ensure sufficient focus and to avoid projects that later on, during the consultation phase, will not be considered sufficiently relevant for the national strategy and context.

☒ **Teacher training and education science**, including:
>	Teaching and training
>	Education science

☐ **Arts**, including:

>	Arts (broad programmes)
>	Fine arts
>	Music and performing arts
>	Music and musicology
>	Performing arts
>	Design
>	Arts (others)

☐ **Humanities**, including:

>	Humanities (broad programmes)
>	Religion
>	Foreign languages
>	Modern EC languages
>	General and comparative literature
>	Linguistics
>	Translation, interpretation
>	Classical philology
>	Others - Languages and philological sciences
>	History, philosophy and related subjects
>	History and archaeology
>	Philosophy and ethics
>	Humanities (others)

☐ **Social and behavioural science**, including:

>	Social and behavioural science (broad programmes)
>	Psychology
>	Sociology and cultural studies
>	Political science and civics
>	Economics
>	Anthropology
>	Development studies
>	Social and behavioural science (others)

☐ **Journalism and information**, including:

>	Journalism and reporting

Library, information, archive
Documentation, archiving
Museum studies, conservation
Journalism and information (others)

☐ **Business and administration**, including:

Business and administration (broad programmes)
Marketing and advertising
Finance, banking, insurance
Accounting and taxation
Management and administration
Business and administration (others)

☐ **Law**, including:

Law
Comparative law, law with languages
International law
Civil law
Criminal law, criminology
Constitutional / Public law
Public administration
European Community / EU law
Others - Law

☐ **Life science**, including:

Biology and biochemistry
Microbiology, biotechnology
Environmental science

☐ **Physical science**, including:

Physical science (broad programmes)
Physics
Nuclear and high energy physics
Astronomy, astrophysics
Chemistry
Biochemistry
Earth science
Geography, geology
Geography
Environmental sciences, ecology
Geology
Soil and water sciences
Geodesy, cartography, remote sensing
Meteorology
Applied Sciences and Technologies
Physical science (others)

☐ **Mathematics and statistics**, including:

Mathematics
Statistics
Actuarial science
Mathematics (others)

☐ **Computing**, including:

          Computer science
          Artificial intelligence
          Computer programming
          Computer system analysis
          Computer system design
          Informatics
          Operating systems
          Computing (others)

☒ **Engineering and engineering trades**, including:

          Engineering and engineering trades (broad programmes)
          Mechanics and metal work
          Mechanical Engineering
          Electricity and energy
          Climate engineering
          Electrical power generation
          Electronics and automation
          Communication systems
          Computer engineering
          Electronic engineering
          Robotics
          Telecommunication technology
          Chemical and process
          Motor vehicles, ships and aircraft
          Aeronautical Engineering
          Engineering and engineering trades (others)

☒ **Manufacturing and processing**, including:

          Manufacturing and processing (broad programmes)
          Food processing
          Textiles, clothes, footwear, leather
          Materials (wood, paper, plastic, glass)
          Mining and extraction

☐ **Architecture and building**, including:

          Architecture and town planning
          Architecture
          Urban planning
          Regional planning
          Landscape architecture
          Transport and traffic studies
          Building and civil engineering
          Materials science
          Architecture and building (others)

☒ **Agriculture, forestry and fishery**, including:

          Agriculture, forestry and fishery (broad programmes)
          Agricultural economics
          Food science and technology
          Forestry

Fisheries

Agriculture, forestry and fishery (others)

☒ **Veterinary**, including:

Veterinary

Animal husbandry

☒ **Health**, including:

Health (broad programmes)

Medicine

Psychiatry and clinical psychology

Public health

Medical technology

Medicine and Surgery

Medical services

Nursing and caring

Dental studies

Medical diagnostic and treatment technology

Therapy and rehabilitation

Pharmacy

Health (others)

☒ **Social services**, including:

Child care and youth services

Social work and counselling

Social services (others)

☐ **Personal services**, including:

Personal services (broad programmes)

Travel, tourism and leisure

Sports

☐ **Transport services**, including:

Transport services

☒ **Environmental protection**, including:

Environmental protection (broad programmes)

Environmental protection technology

Natural environments and wildlife

Community sanitation services

Environmental protection (others)

☒ **Security services**, including:

Security services (broad programmes)

Protection of persons and property

Occupational health and safety

Military and defence

Security services (others)
